Shot Wound

Customer Info: We will call you when your deer is ready. It may take over 3 weeks if you are ordering specialty sausages. If using night drop, please label your deer with the dead lock tags or label the bags you use. Blood shot meat will be disposed of. As space is limited during deer season, please arrange to pick up your deer ASAP after you are called. Thanks and Happy Hunting!

Sausage: Charges are based on cooked weight for smoked sausages. There is a 10 lb minimum for all varieties of sausage as orders are kept separate. On snack stick ONLY, there is a 5 lb. minimum order, but sausage batches will be inter-mixed with other customers'. This is due to the high processing loss and expense associated with snack sticks. Unless specified, pork fat is added to all sausages.
